Well, miss I of P Mama! Only summers, but I'll be down here as you have to write me anyway. About Council is gonna be great and always Symmelles—Whatever Opposite! Love always Thanks '81

We, the senior class, present the 1980 *La Reata* to a member of the faculty who is almost a living legend at Saint Mary's Hall. This teacher, who combines learning and ferocity, wit and warmth in equal parts, has a regard for the English language which is only surpassed by a passion for "who-dun-its" and Gilbert and Sullivan. We will always remember her sense of fair play, her respect for the material which she teaches, and her unyielding insistance that we complete our termpapers as required. With affection and respect we dedicate this yearbook to Mrs. April Groos.

Dear E-ORE –
What a fun, noisy
class we've had! Thanks
for being such a neat student –
see you next Fall –
Best,

foreword

Every edition of *La Reata* binds the past and present to the future of the Saint Mary's Hall family. In a similar manner, the tie which forms so conspicuous a part of the school uniform reinforces our sense of unity. The tie, incidentally, is worn in the form of a knotted loop which is the essential element in *la reata,* the cowhand's rope from which our yearbook takes its name. The tie has practical uses, but its primary purpose is to serve as the distinguishing mark of all those who belong to Saint Mary's Hall. The bond of the tie serves as a tangible symbol of that invisible rope of love, pride, and shared experiences which connects the students of 1879 to those of 1980 and to those of the years to come.

headmistress' address

Our commencement speaker of last year, Mr. Herbert D. Kelleher, concluded his beautiful address to the seniors with the following remarks:

> **We are, indeed, a band of sisters and brothers—sisters and brothers against the Universe. For if we do not like each other—and forgive each other—and help each other—then who, as long as we are on earth, will either like—or forgive—or help—us? Or even care?**

Long after the graduation ceremony was history, those words lingered in my thoughts.

We are indeed all brothers and sisters simply by virtue of being a part of human kind —not one of us is an island, but is, as Donne would say, a "part of the whole." Mr. Kelleher was speaking on the plane of the universal, but what is philosophically true of the macrocosm is observably so in the microcosm of a school. The fabric of our day-to-day existence is woven of multiple relationships, each tinged with its special coloring, each adding to the texture of the Saint Mary's Hall experience, and *all* tying us together socially, professionally, and personally into a cohesive, unified community.

Lord, make me an instrument of Thy peace: Where there is hatred, let me sow love; where there is injury, pardon; where there is doubt, faith; where there is despair, hope; where there is darkness, light; where there is sadness, joy. O Divine Master, grant that I may not so much seek to be consoled as to console; to be loved as to love. For it is in giving that we receive, it is in pardoning that we are pardoned, and it is in dying that we are born to eternal life.

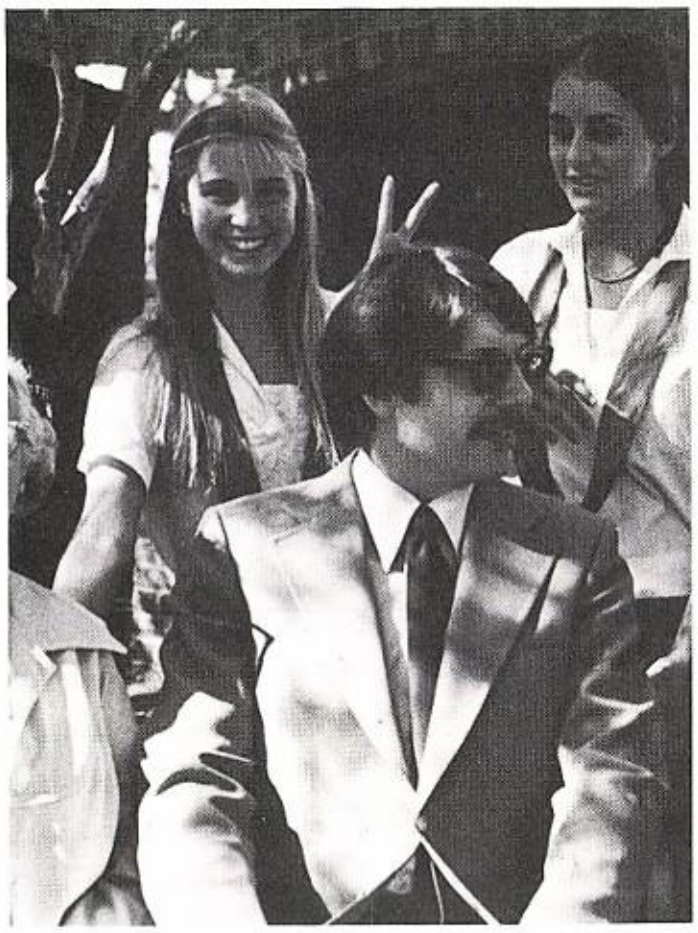
mrs. mellard's farewell to seniors

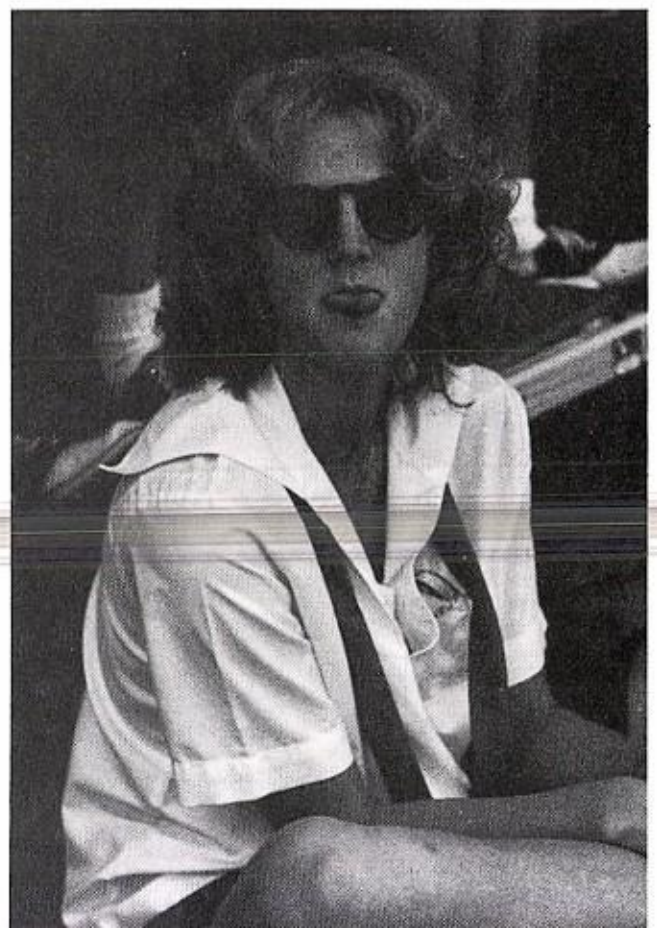


valete

As I say "God be with you"—that phrase so unpoetically contracted into a prosaic "Goodbye"—to the first graduating class of the second century, I cannot help remembering a sunny day last September when the ritual of the blue ties marked your official advancement into seniordom. My speculations at that time concerned several symbolic facets of the object itself, one of which was its color. Blue, in legend the color of Mary's mantle and thus suggestive of the finest aspects of young womanhood, is also the color of the "wild blue yonder"—of infinity. What infinite possibilities lie ahead for you, because you are young, because you are in the process of acquiring a primary key to success—education—and because you are blessed with concerned, caring parents and teachers.

In retrospect, I see that your wearing a *tie*, rather than a badge or hat, as a symbol of your status as "senior" is itself significant. You are, after all, one link in a growing chain of alumnae who, standing once in your place, served their turn as the leaders of the school before passing their responsibilites on to others. You are, therefore, tied to them in a very real way, for you have shared experiences that they too, have had; you have cared for their school and made it the better for your being a part of it; you have "kept the faith" with those who have gone before you and preserved it for those many young women who are to follow into our next 100 years.

Seniors of 1980—valete et sorores vestras et Scholam Sanctae Mariae memoria tenete.



Saint Mary's Hall has given us a total of twelve years of growth. We've experienced joys and sorrows, friendships and academic inspiration that we would never trade, nor could we have acquired anywhere else but here. We've been fortunate to have had a talented class, caring teachers, and loving, supportive families. This yearbook seems insignificant compared to everything that Saint Mary's Hall has given us, but it does represent many hours of dedication—darkrooms, grease pencils, pizzas, a few good laughs, a shared friendship, and *lots* of love. We hope that this book will somehow preserve the life of the 1980 school year. Our hope for you is that you will sense the love that was put into this book by those who produced it.

To Caroline Pyle:

All of us thank you for your generous gift to *La Reata*. That bread cast upon the waters may return to you one-hundred fold is the wish of the editors and staff of this year's *La Reata*.

Of all the joys that life on earth
Is able to extend,
I treasure most the knowledge that
You are my faithful friend.
The knowledge that you care for me
And keep me in your mind
And that your actions always are
Considerate and kind.
For you have shown in many ways
That you are good and true
And that no matter what I need
I may depend on you.
You have endeared yourself to me
Each time that we have met
And blessed me with a memory
I shall never forget.
And though the world may offer wealth
And pleasurers without end,
I treasure most the knowledge that
You are my faithful friend.
